

3rd European CoP

“Navigating Waterborne Pathogen Challenges with PathoCERT's Policy Perspectives and Field Experiences”

2nd February, 2024

10-12 CET

The PathoCERT project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 883484.

Navigating Waterborne Pathogen Challenges with PathoCERT's Policy Perspectives and Field Experiences

The 3rd and final European CoP will focus on policy implications derived from the pilots and CoP meetings. For this event all project partners will be present as well as key stakeholders from the pilot regions that are linked to policy making for emergency management.
